Date: 10 December 2004Subject: Patent Application Serial No. 10/619,991
"Method for Polymerizing Ethylenically Unsaturated
Monomers by Degenerative Iodine Transfer"

Dear Examiner Zalukaeva;

Per my voicemail message, I note that the pending office action, dated 7/14/2004, references claims 1-14 and states that claims 4-14 are dependent on multiple dependent claims. Attached please find a copy of the filed specification of the subject patent application, which contains claims 1-35. Also, please note that I have also attached a copy of the publication of the application (US 2004/0045410B), which is the same as the filed application and also includes claims 1-35.

Regards,
Michelle Burke
